

DAY 1 WRAP UP:

Mark Svoboda

Musings:

1. MO Basin RDEWS: A LOT of great things out there in play already!
 - USDM input/voice, BUT....plenty of room for more to join! 😊
 - NIDIS EPC webinars
 - NOAA-NIDIS Central Region (MO-Basin) briefing webinar series
 - Q-Outlooks (on the back table)
 - NIDIS Workshops in the region (farmer/rancher oriented)
 - Risk on the Ranch (USDA-SARE and others) webinars/workshops
2. Today's STATE planning/monitoring/activities/needs briefings were VERY interesting and informative! Thank you
3. APA---helping bridge the gap between all of this and integrating it into planning. PLANNING = END GAME
 - Planning and Drought PAS
 - Drought Ready Communities (NDMC)
 - Policy (We need more Jim Schwabs!)
 - Paradigm shift needed in culture and curriculum

MUSINGS continued:

4. Research Gap: Triggers-Indicators-Planning
 - FYI: Belmont-NSF project on this starting
 - Indicator-Impact linkages
 - Scenario/Simulation Drought Gaming Workshops
5. NEEDS: Capture, address from Plenary and B/OUTs
6. What's Next?
 - NOT prescribed/Organic
 - B/OUT session syntheses is in the AM
 - Final session tomorrow will be the KEY! So stick around....
7. Announcements:
 - Dinner
 - Weather
 - BEWARE: Sticky Wall is coming!
