

# National Integrated Drought Information System (NIDIS)

NIDIS Executive Council Meeting

**WELCOME**

October 27, 2016  
Washington, D.C.

# Meeting Goals and Desired Outcomes

- This meeting will provide an orientation around NIDIS, including its history and evolution.
- This meeting will identify connections between NIDIS and the aims of your individual organization/agency, including a clear understanding of the value each brings to the other.
- This meeting will provide updates to the implementation of the 2006 and 2014 NIDIS Public Laws, including the role of consultation in the development of NIDIS.
- This meeting will help NIDIS identify opportunities to address drought, including its impacts on water supply and demand management; and to strengthen the integration of drought information and activities.
- This meeting will define how the Executive Council will function.

# Introductions

- Who are you representing?
- What matters most to your members?
- Provide one recent highlight that illustrates what your organization is doing within the context of drought.
